Rules

Your future has already been foretold but each fortune has an expiration date. Fortunes are hidden inside nine emojis, equating nine lives, and their corresponding riddles. Each emoji has a value — weither that value is positive or negative has yet to be seen. Your goal is to solve the series of riddles in the hopes of seeing a glimpse into your future. If you guess the wrong emoji for a riddle years will begin to disapear from your future until you have no years left.
